

## Kopi Luwak

**I am Kerry, a civet cat. We are omnivorous and nocturnal animals.**

**N:** One night, there were two civet cats foraging in the forest.

**Kerry:** Look ! Cindy, I found some delicious fruits and bugs!

**Cindy:** Great! Let's get back to our family in a hurry.

**Our foods are usually fruits, protein, and coffee cherries. But one day, my family and I were kidnapped by humans.**

(gun sound)

**Business:** I saw the civet cats! I heard defecating from Civet cats could make the coffee.

(gun sound)

**Hunter:** Catch them!

**Kerry:** What should we do? A human is coming.

**Cindy:** Run!!!! Hurry!!!!!!

**N:** Suddenly, The hunter found the poop that the civet cats had left on the ground. They found them hidden in the hole.

**Kerry:** Help! Help! Let me out!

**Cindy:** Kerry, I'm here to help you.

**N:** To save Kerry, they both are caught by hunter.

**They trapped us in cages and forced us to eat coffee cherries. We even have to be watched by humans like animals in the zoo.**

**Kerry:** So bright.....I am so scared. And....I am very sleepy.(trembling)

**Cindy:** I want to go out too.....The humans always flash into my eyes. And the humans are so noisy that I can't rest.

**Business:** Everyone, now the animals you are watching are civet cats. They “only” eat coffee cherries. We give them a wonderful place to live, they are very healthy and strong. By the way, Kopi Luwak was produced by them.

**Humans only feed us coffee cherries, but they didn’t know it would only ferment in our stomach and cannot be digested.**

(Hunter’s house)

**N:** Business continuously fed them coffee cherry day and night, even showed them to tourists.

**Business:** Eat! You need to eat more and let me make more coffee.

**Kerry & Cindy:** No! Please, please let us go.....We don’t belong here, we miss home.

**N:** But the business can’t understand what they are talking about.

(meow meow sound)

**Cindy:** I don’t want to eat coffee cherries any more. I want to eat mango, insects and rats!

**Kerry:** Me too. I ate so much cherry that my stomach felt uncomfortable. I couldn’t digest them.

**After we excrete, human wash and bake our stool, then it will become a source of Kopi Luwak.**

**The price of kopi Luwak gets higher, but we are getting weaker. We have injuries and are stressed out because we only stay in a confined space.**

**Business:** HA HA, time for lunch.(feed coffee cherry to civet cat )

**APO:** Stop! I am from the Animal Protection Organization. I received a lot of complaints. You abused civet cats and shut them in a little cage and forced them to eat coffee beans! Even use their excrement to make money.

**Business:** No No No ! I didn’t hurt them. Look! They eat happily.

**N:** They are very weak and very nervous

**APO:** Liar! they don't look happy. Now, if you don't release them, you will go to prison.

**Business:** If I release them, then will I be free?

**APO:** No, and you are going to court.

**Business:** .....(sigh) ok, I'll release them.

**To end our nightmare, please stop drinking kopi Luwak.**

**Kerry:** YA!!WE ARE FREE!!

**Cindy:** I hope that humans do not kidnap us or our number will get lower, and in the end, we will disappear.

**THE END**
