# Introduction

Taking a gap year leads to not only advantages but also disadvantages.

These disadvantages may cause a big negative impact on people.

## 1. A waste of time

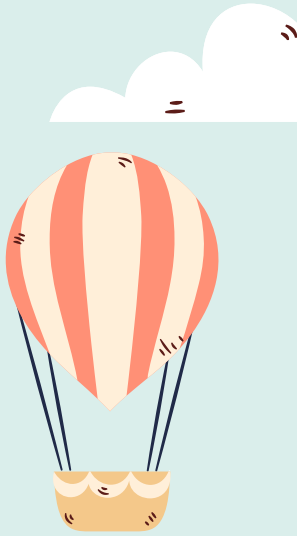

when people want to try everything or have fun, they may lose themselves without goal.

## 2. A waste of money

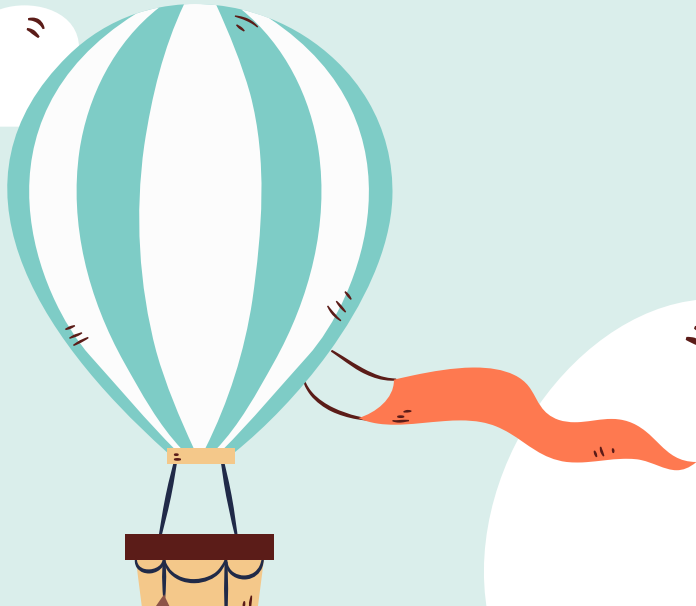

There are a lot of budget considerations to take into account during a gap year.

## 3. Unfamiliar with school life

People who back to school after a gap year may be out of place in campus.

Taking gap year will cause people waste time, money and not adjust school life.
